

Thursday November 3, 2022

HALL A

1.00pm- 2.00pm

Lunch

2.00pm- 3.25pm

Session: Cervical spine tumors

2.00pm- 2.08pm

Lecture: Biopsy for cervical tumours - when and how

2.08pm- 2.16pm

Lecture: Osteoid osteoma in the cervical spine: Challenges in diagnosis & treatment

2.16pm- 2.24pm

Lecture: Determining instability in cervical spine tumors- the SIN score

2.24pm- 2.32pm

Lecture: Surgical strategies for 360 degree tumours encasing vertebral artery

2.32pm- 2.40pm

Lecture: Approach to dumbbell schwannomas/ neurofibromas in cervical spine

2.40pm- 2.55pm

Q & A

2.55pm- 3.25pm

Interactive case based panel discussion: Rx strategy in cervical metastatic tumors

3.30pm- 4.00pm

Refreshments

4.00pm-4.55pm

Session: Interactive case based panel discussion: Rx strategies in Cervical spine Infections

5.00pm- 6.30pm

Networking

6.30pm- 7.30pm

Inauguration

7.30pm onwards

Inaugural Dinner & Cultural Program

HALL B

1.00pm- 2.00pm

Lunch

2.00pm- 3.00pm

Session: The degenerative cervical spine

2.00pm- 2.55pm

Interactive case based panel discussion: Rational Nonoperative treatment for acute and chronic neck pain

3.00pm- 3.30pm

Free Paper Session I (4mins + 2 mins X 5)

3.00pm- 3.04pm

3.04pm- 3.08pm

3.08pm- 3.12pm	
3.12pm- 3.16pm	
3.16pm- 3.20pm	
3.20pm- 3.30pm	Q & A
3.30pm- 4.00pm	Refreshments
4.00pm- 5.00pm	Session: Minimally invasive cervical spine surgery
4.00pm- 4.08pm	Video: Endoscopic posterior cervical laminoforaminotomy
4.08pm- 4.12pm	Q & A
4.12pm- 4.20pm	Video: Endoscopic anterior cervical discectomy
4.20pm- 4.24pm	Q & A
4.24pm- 4.32pm	Video: MIS- Cervical lateral mass screw fixation
4.32pm- 4.36pm	Q & A
4.36pm- 4.44pm	Video: MIS- Transarticular C1/C2 screw fixation
4.44pm- 4.48pm	Q & A
4.48pm- 4.56pm	Video: Robot assisted MIS cervical spine surgery
4.56pm- 5.00pm	Q & A
5.00pm- 6.30pm	Networking
6.30pm- 7.30pm	Inauguration in Hall A
7.30pm onwards	Inaugural Dinner & Cultural Program
HALL C	
1.00pm- 2.00pm	Lunch
2.00pm- 6.30pm	Joint Session of ASSI with CSRS- AP
2.00pm- 2.05pm	Welocme to CSRS- AP
2.05pm- 2.15pm	Lecture: ASSI- CSRS-AP: Opporunities for Collabaration
2.15pm- 4.15pm	Session: What's new in OPLL
2.15pm- 2.30pm	Lecture: Recent findings for the pathophysiology and background factors of OPLL

2.30pm- 2.45pm	Lecture: Evaluation and conservative treatment of OPLL
2.45pm- 3.00pm	Lecture: Anterior decompression of OPLL: how to make it easy
3.00pm- 3.15pm	Lecture: Status of cervical expansive laminoplasty with preserved posterior extensor groups in OPLL
3.15pm- 3.30pm	Lecture: Circumferential surgery for huge extensive lesion (15min)
3.30pm- 3.45pm	Q & A
3.45pm- 4.15pm	Interactive case based panel discussion: Management strategies in OPLL
3.45pm-4.00pm	Case 1
4.00pm- 4.15pm	Case 2
4.15pm- 6.15pm	Session: Management of Intractable Cervical Spine Disorders
4.15pm- 4.30pm	Lecture: Infectious diseases in cervical spine.
4.30pm- 4.45pm	Lecture: Severe deformity.
4.45pm- 5.00pm	Lecture: Hyperkinetic cervical spine (Athetoid CP)
5.00pm- 5.15pm	Lecture: Drop head syndrome.
5.15pm- 5.30pm	Lecture: Tumors including of metastasis at Cervical Spine.
5.30pm- 5.45pm	Q & A
5.45pm- 6.15pm	Interactive case base panel discussion
5.45pm- 6.00pm	My worst case 1
6.00pm- 6.15pm	My worst case 2
6.15pm- 6.20pm	Vote of Thanks
6.30pm- 7.30pm	Inauguration in Hall A
7.30pm	Inaugural Dinner & Cultural Program

Friday November 4, 2022

HALL A

8.30am-10.00am	Session: Cervical Disc Prolapse
8.30am- 8.38am	Debate 1- Posterolateral Cervical disc prolapse with unilateral radiculopathy- Anterior approach
8.38am- 8.46am	Debate 1- Posterolateral Cervical disc prolapse with unilateral radiculopathy- Posterior laminoforaminotomy
8.46am- 8.54am	Q & A, Rebuttal & Concluding remarks
8.54am- 9.02am	Master Class Video: Posterior cervical foraminotomy + discectomy using tubular retractors
9.02am- 9.06am	Q & A
9.06am- 9.14am	Master Class Video: Cervical root block injection
9.14am- 9.18am	Q & A
9.18am- 9.26am	Debate 2- Single level large central disc prolapse with myelopathy- ACDF
9.26am- 9.34am	Debate 2- Single level large central disc prolapse with myelopathy- ADR
9.34am- 9.42am	Q & A, Rebuttal & Concluding remarks
9.42am- 9.50am	Lecture + video: Artificial cervical disc replacement: Tips & tricks
9.50am- 9.54am	Q & A
10.00am- 10.30am	Refreshments
10.30am- 11.25am	Session: Cervical spondylotic myelopathy
10.30am- 10.38am	Lecture: Natural History of CSM & Risk factors for progression
10.38am- 10.46am	Lecture: Medical diseases of the spinal cord mimicking DCM: BEWARE !!
10.46am- 10.54am	Lecture: Newer imaging techniques in evaluation of DCM - Should they be used routinely? Clinical implications.
10.54am- 11.02am	Q & A
11.02am- 11.10am	Debate 3: Mildly symptomatic Cervical Spondylotic Myelopathy: Wait and watch
11.10am- 11.18am	Debate 3: Mildly symptomatic Cervical Spondylotic Myelopathy: Operate
11.18am- 11.25am	Q & A, Rebuttal & Concluding remarks
11.30am- 1.00pm	Session: Surgery for Multilevel Cervical spondylotic myelopathy
11.30am- 11.38am	Lecture: Isolated single level radiculopathy with multilevel cervical stenosis: Rx strategy
11.38am-11.46am	Lecture: 30 years of Multilevel cervical laminectomy for DCM- The lessons I have learnt !!!
11.46am- 11.54am	Lecture: Indication for posterior fusion after laminectomy - Role and limitations
11.54am- 12.02pm	Lecture: Laminoplasty for CSM - Why I do it ??
12.02pm- 12.10pm	Lecture: Anterior surgery for multilevel cervical spondylotic myelopathy: When, why and what ??
12.10pm- 12.25pm	Q & A
12.25pm- 12.55pm	Interactive case based panel discussion: Two level cervical spondylotic myelopathy- ACDF vs ACCF vs ADR vs Hybrid vs posterior

1.00pm- 2.00pm	Lunch
2.00pm- 3.00pm	Session: Surgery for Degenerative Cervical Myelopathy
2.00pm- 2.08pm	Lecture: Indicators for the need of Deformity correction in routine Cervical Myelopathy cases
2.08pm- 2.16pm	Lecture: Tackling OPLL extending into upper cervical spine
2.16pm- 2.24pm	Video + Lecture: Floating corpectomy for single level segmental OPLL
2.24pm- 2.32pm	Lecture: Tandem stenosis: Which lesion should be tackled first ??
2.32pm- 2.40pm	Lecture: Current trends in Intraoperative neuromonitoring for cervical spine surgeries
2.40pm- 2.55pm	Q & A
3.00pm- 4.00pm	Interactive case based panel discussion: Rx strategy in Degenerative Cervical Myelopathy
4.00pm- 4.30pm	Refreshments
4.30pm- 5.30pm	Motivational talk
5.30pm- 7.00pm	General Body Meeting
7.30pm onwards	Gala Banquet Night & Entertainment Program
HALL B	
8.30am- 10.00am	Session: ASSI Focus Symposium- Missed cervical spinal injuries
8.30am- 8.38am	Lecture: Missed cervical spine injuries: An epidemic ??
8.38am- 8.46am	Lecture: Current protocols for clearing the spine in blunt trauma victims
8.46am- 8.54am	Lecture: Subtle signs on plain xrays that may indicate major subaxial cervical spine trauma
8.54am- 9.02am	Lecture: Cervical spine injuries in the pediatric age group: Pearls & Pitfalls
9.02am- 9.10am	Lecture: Cervical whiplash injury: Oft neglected, usually mistreated- !!
9.10am- 9.25am	Q & A
9.25am- 9.55am	Interactive case based panel discussion: Classification of subaxial cervical spine fractures- Modified AO vs Allen vs SLIC or any other
10.00am- 10.30am	Refreshments

10.30am- 12.00pm	Session: Cervical Facet dislocations
10.30am- 10.38am	Lecture: Pathoanatomy of Cervical flexion distraction injuries
10.38am- 10.46am	Video + Lect: Closed Reduction of unilateral/ bilateral locked facets- A forgotten art !
10.46am- 10.54am	Video + Lect: Anterior open reduction of unilateral/ bilateral locked facets -How I do it !!
10.54am- 11.02am	Lecture: Why I prefer posterior reduction for locked cervical facet dislocations/ subluxations: Tips & tricks
11.02am- 11.10am	Lecture: Facet fractures: Classification & management
11.10am- 11.25am	Q & A
11.25am- 11.55am	Interactive case based panel discussion: 3 week old Unifacet dislocation without neurologic deficit/ with unilateral radiculopathy/ with myelopathy- Rx strategies
12.00pm- 1.00pm	Session: Cervical spine injuries in the stiff spine
12.00pm- 12.08pm	Lecture: Acute spinal cord injury- Management within the golden hour !!
12.08pm- 12.16pm	Lecture: Acute traumatic central cord syndrome: Evidence based management guidelines
12.16pm- 12.24pm	Lecture: Timing of surgery in spinal cord injury victims- Is this controversy sorted ??
12.24pm- 12.32pm	Lecture: Cervical spine trauma in ankylosing spondylitis- Rx strategy
12.32pm- 12.40pm	
	Lecture + Video: Positioning an ankylosing spondylitis patient with cervical spine trauma for surgery: Tips & tricks
12.40pm- 12.55pm	Q & A
1.00pm- 2.00pm	Lunch
2.00pm- 4.00pm	Session: Upper Cervical (C0- C2) Trauma
2.00pm- 2.08pm	Lecture: Surgery for C1 arch fractures: When and What ??
2.08pm- 2.16pm	Lecture + Video: Anterior odontoid screw fixation- When and How??
2.16pm- 2.24pm	Lecture: Nonunion following anterior odontoid screw fixation- Now what ?
2.24pm- 2.32pm	Lecture: Surgery for Type II & III Hangmans fractures - Post vs Ant vs Combined
2.32pm- 2.40pm	Lecture: Rotatory subluxation at C1-C2: Is it truly traumatic? Dilemmas in diagnosis and management
2.40pm- 2.55pm	Q & A
2.55pm- 3.03pm	Lecture + Video: Halo- vest application & care
3.03pm- 3.11pm	Lecture: Neuroprotective agents for spinal cord injury: where are we in 2022 ??
3.11pm- 3.19pm	Lecture: Diaphragmatic pacing for cervical SCI
3.19pm- 3.30pm	Q & A
3.30pm- 4.-00pm	
	Interactive case based panel discussion: Type 2 odontoid fractures in the elderly (>80 years)- Rx strategy
4.00pm- 4.30pm	Refreshments

4.30pm- 5.30pm	Motivational talk
5.30pm- 7.00pm	General Body Meeting
7.30pm onwards	Gala Banquet Night & Entertainment Program
HALL C	
8.30am- 10.00am	Session: Complications in cervical spine surgery
8.30am- 8.38am	Lecture: Dysphagia following anterior cervical spine surgery- How I manage it
8.38am- 8.46am	Lecture: Proximal junctional kyphosis following posterior cervical stabilization: Prevention & management
8.46am- 8.54am	Lecture: Adjacent segment degeneration: Incidence, risk factors, prevention and treatment
8.54am- 9.02am	Lecture: Deep SSI following posterior occiptocervical stabilization- Rx strategy
9.02am- 9.10am	Lecture: Salvaging an intraoperative cutout of a lateral mass screw
9.10am- 9.25am	Q & A
9.25am- 9.55am	Interactive panel discussion: Inadvertent durotomy/ CSF fistula/ pseudomeningocoele following anterior/ posterior surgery for OPLL- Now what?
10.00am- 10.30am	Refreshments
10.30am- 11.30pm	Session: Uncommon complications following cervical spine surgery
10.30am- 10.38am	Lecture: Postoperative vision loss: Causes, Prevention & Management
10.38am- 10.46am	Lecture: Management of Vertebral artery injury during suxial cervical spine surgery
10.46am- 10.54am	Lecture: Oesophageal tear- Intra and postoperative management
10.54am- 11.02am	Lecture: Rx strategies for managing an Occipito cervical pseudarthrosis/ implant failure
11.02am- 11.10am	Lecture: Artificial cervical disc replacement-Why I don`t do it!!
11.10am- 11.25am	Q & A
11.30am- 12.00pm	Invited Lectures
11.30am- 11.42am	Lecture: Neurologic deterioration following cervical decompression & stabilization: Management strategy
11.42am- 11.45am	Q & A
11.45am- 11.57am	Lecture: Intraoperative vision improves safety in cervical spine instrumented surgery: Oarm/ Navigation/ robot/ Augmented reality- what is best ?
11.57am- 12.00pm	Q & A

12.00pm- 1.00pm	Free Paper Session
12.00pm- 12.04pm	
12.04pm- 12.08pm	
12.08pm- 12.12pm	
12.12pm- 12.16pm	
12.16pm- 12.20pm	
12.20pm- 12.30pm	Q & A
12.30pm- 12.34pm	
12.34pm- 12.38pm	
12.38pm- 12.42pm	
12.42pm- 12.46pm	
12.46pm- 12.50pm	
12.50pm- 1.00pm	Q & A
1.00pm- 2.00pm	Lunch
2.00pm- 3.00pm	Free Paper Session (4mins + 2 mins X 10)
2.00pm- 2.04pm	
2.04pm- 2.08pm	
2.08pm- 2.12pm	
2.12pm- 2.16pm	
2.16pm- 2.20pm	
2.20pm- 2.30pm	Q & A
2.30pm- 2.34pm	
2.34pm- 2.38pm	
2.38pm- 2.42pm	
2.42pm- 2.46pm	
2.46pm- 2.50pm	
2.50pm- 3.00pm	Q & A
3.00pm- 4.00pm	Session: Managing surgical complications
3.00pm- 3.08pm	Lecture: Audiovisual consent- an option or a necessity in High risk individuals ?
3.08pm- 3.16pm	Lecture: Intraoperative complication: How to deliver the bad news !!
3.16pm- 3.24pm	Lecture: How to document an adverse event on paper
3.24pm- 3.32pm	Lecture: Intraoperative death- what to do & not to do ?
3.32pm- 3.40pm	Lecture: Intraoperative complication: The Legal Perspective
3.40pm- 3.55pm	Q & A

4.00pm- 4.30pm	Refreshments
4.30pm- 5.30pm	Motivational talk
5.30pm- 7.00pm	General Body Meeting
7.30pm onwards	Gala Banquet Night & Entertainment Program

Saturday November 5, 2022

HALL A

8.30am- 9.00am	Free Paper session (4mins + 2 mins X 5)
8.30am- 8.34am	
8.34am- 8.38am	
8.38am- 8.42am	
8.42am- 8.46am	
8.46am- 8.50am	
8.50am- 9.00am	Q & A
9.00am- 11.00am	Session: Cervical Kyphosis
9.00am- 9.08am	Lecture: Key sagittal cervical spine alignment parameters
9.08am- 9.16am	Lecture: Surgery for correction of cervical kyphosis- When and What ??
9.16am- 9.24am	Lecture: Post laminectomy kyphosis: Prevention & Management
9.24am- 9.32am	Lecture: Planning cervical deformity correction using surgimap software
9.32am- 9.40am	Video: Pedicle subtraction osteotomy for chin on chest deformity in ankylosing spondylitis
9.40am- 9.55am	Q & A
9.55am- 10.55am	Interactive case based panel discussion: Management strategies in cervical kyphosis
11.00am- 11.30am	Validictory Function
11.30am	Refreshments
12.00 - 13.30	Lunch
14:00 onwards	Jagannath Puri Tour

HALL B

8.30am- 9.30pm	Session: Craniovertebral Junction- Back to Basics
8.30am- 8.38am	Lecture: Biomechanics of the CVJ
8.38am- 8.46am	Lecture: Normal Radiologic alignment parameters of the CVJ
8.46am- 8.54am	Lecture: Imaging the pediatric CVJ: Pearls & pitfalls
8.54am- 9.02am	Lecture: Vertebral artery- normal course & anomalies
9.02am-9.10am	Lecture: An Atlas of Congenital anomalies at the CVJ
9.10am- 9.25am	Q & A

9.30am- 10.00am	Invited Lectures
9.30am- 9.42am	Lecture: Pathoanatomy, Classification & Treatment strategy for atlantoaxial dislocations
9.42am- 9.45am	Q & A
9.45am- 9.57am	Lecture: The Rheumatoid cervical spine- Challenges & Rx strategy
9.57am- 10.00am	Q & A
10.00am- 11.00am	Session: Surgery at the CVJ
10.00am- 10.08am	Lecture: Syringomyelia- when does it require treatment and what are the options & outcomes ??
10.08am- 10.16am	Video + lecture: DCER for Fixed AAD with BI
10.16am- 10.24am	Lecture: Passing wires at the CVJ: Tips & tricks
10.24am- 10.30am	Q & A
10.30am- 11.00am	Interactive case based panel discussion: Rx strategy in various CVJ pathologies
11.00am	Valedictory Function in Hall A
11.30am	Refreshments
12.00 - 13.30	Lunch
14:00 onwards	Jagannath Puri Tour

Hall C

8.30am- 10.00am	Session: The Cervicothoracic junction
8.30am- 8.38am	Lecture: Surgical strategy for Cervicothoracic hemivertbrae
8.38am- 8.46am	Video: Trans-sternal approach to CTJ
8.46am- 8.54am	Lect + video: Transpedicular approach in upper thoracic spine (C7 to T3)
8.54am- 9.02am	Lecture: Posterior instrumentation at the cervicothoracic junction: tips & tricks
9.02am- 9.10am	Lecture: Hartshill rectangle & sublaminar wires across the CTJ: tips & tricks
9.10am- 9.25am	Q & A
9.25am- 9.55am	Interactive case based panel discussion: Rx strategy for cervicothoracic junction lesions
10.00am- 11.00am	Free Paper Session (4mins + 2 mins X 10)
10.00am- 10.04am	

10.04am- 10.08am	
10.08am- 10.12am	
10.12am- 10.16am	
10.16am- 10.20am	
10.20am- 10.30am	Q & A
10.30am- 10.34am	
10.34am- 10.38am	
10.38am- 10.42am	
10.42am- 10.46am	
10.46am- 10.50am	
10.50am- 11.00am	Q & A
11.00am	Validictory in Hall A
11.30am	Refreshments
12.00 - 13.30	Lunch
14:00 onwards	Jagannath Puri Tour

Sunday November 6, 2022

Basic Spine Cadaveric workshop

Conveners: NC Mohapatra, Tanmoy Mohanty, Dhiraj Sonawane

Faculty:

8.00am- 8.10am Welcome

8.10am- 12.00pm **Session I: Lumbar Spine**

8.10am- 8.20am **Video:** Lumbar Fenestration Discectomy

8.20am- 8.25am Q & A

8.25am- 8.35am **Video:** Laminectomy with medial facetectomy

8.35am- 8,40am Q & A

8.40am- 8.50am **Video:** Lumbar pedicle screw anatomy & fixation (L1- L5)

8.50am- 8.55am Q & A

8.55am- 9.05am **Video:** Sacral pedicle screws anatomy & insertion technique (S1, Sacral alar and S2- iliac screws)

9.05am- 9.10am Q & A

9.10am- 9.20am **Video:** Transforaminal lumbar interbody fusion

9.20am- 9.25am Q & A

9.25am- 9.45am Refreshments

9.45am- 12.00pm **Hands on Cadaver**

12.00pm- 1.00pm **Lunch**

1.00pm- 5.00pm **Session II: Thoracic Spine**

1.00pm- 1.10pm **Video:** Transpedicular & Transfacet decompression

1.10pm- 1.15pm Q & A

1.15pm- 1.25pm **Video:** Thoracic pedicle anatomy & screw insertion technique

1.25pm- 1.30pm Q & A

1.30pm- 1.40pm **Video:** Anterior column reconstruction

1.40pm- 1.45pm Q & A

1.45pm- 1.55pm **Video:** Cervical laminectomy

1.55pm- 2.00pm Q & A

2.00pm- 2.10pm **Video:** Subaxial cervical lateral mass screw insertion

2.10pm- 2.30pm Refreshments

2.30pm- 5.00pm Hands -on Cadaver

Session: Live Surgery workshop**Conveners: NK Das, Jitendra Rout, Ankur Nanda**

1100- 1400	OT I: Anterior Cervical Discectomy and Fusion
1400- 1700	OT I: Cervical Laminectomy and Fusion
1100- 1400	OT II: Anterior Cervical Corpectomy and Fusion
1400- 1700	OT II: Cervical Laminoplasty
